### Project „Erfolgreich ausgebildet – Ausbildungsqualität sichern“

The project „Erfolgreich ausgebildet“ is publicly sponsored by the Ministry of Economic Affairs, Labor and Tourism and has the **primary aim to help trainees to complete their vocational training**. Therefore around 24 training tutors in Baden-Württemberg are at your disposal in order to help when it comes to any kind of problem during the vocational training. No matter if problems occur at school, at work or at home, whether the trainee might have problems with his vocational training instructor, learning problems, being in time or staying concentrated – we will find a solution!

If you are thinking about stopping your vocational training and dropping out, if you as a parent should notice your kid is struggling during his training - please feel free to contact us!
